INDEPENDENT AUDITOR'S REPORT

Board of Directors and Members of
Halyard Securities, LLC

We have audited the accompanying statement of financial condition of Halyard Securities, LLC (the "Company") as of December 31, 2010, and the related statements of operations and changes in members' deficiency and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Halyard Securities, LLC as of December 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Company operates primarily as an agent that assists issuers in executing Equity Private Placements. The members share profits and losses equally and each member's liability is limited. The Company continues until such time it is terminated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

c) Income Taxes

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

c) Income Taxes (cont'd)

The Company recognizes deferred tax assets or liabilities for the future tax consequences of events that have been recognized differently in their financial statements and tax returns. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Company prepares its tax returns on a cash basis. Accordingly, the Company records deferred tax assets or liabilities for the increase or decrease in future years' tax liabilities related to the temporary differences which arise by utilizing these two accounting methods. Deferred taxes are primarily attributable to accounts receivable and accrued expenses for financial statement purposes.

In accordance with ASC 740, Income Taxes, the Company is required to disclose unrecognized tax benefits resulting from uncertain tax positions. At December 31, 2010, the Company did not have any unrecognized tax benefits or liabilities. The Company operates in the United States and in state and local jurisdictions, and the previous three years remain subject to examination by tax authorities. There are presently no ongoing income tax examinations.

3. RELATED PARTY TRANSACTIONS

The members of the Company are also members of Precision Capital Advisors, LLC ("PCA"). As per an agreement that the Company has with PCA, virtually all operating expenses related to the Company (wages, rent, etc.) are paid and expensed by PCA.

4. CONCENTRATION OF CREDIT RISK

The Company maintains cash in bank accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk.

The Company's net capital and net capital ratio at December 31, 2010 were both in violation of the required amount and the maximum ratio percentage allowed in accordance with the Net Capital Rule 15c3-1. **SUPPLEMENTARY REPORT
OF INDEPENDENT AUDITORS**

**SUPPLEMENTARY REPORT OF INDEPENDENT AUDITORS
ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5
OF THE SECURITIES EXCHANGE ACT OF 1934**

The Board of Directors and Members of
Halyard Securities, LLC

In planning and performing our audit of the financial statements of Halyard Securities, LLC (the "Company"), as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

The Company's net capital and net capital ratio were both in violation of the required minimum net capital of \$5,000 and the maximum net capital ratio percentage allowed of 1500% in accordance with the Net Capital Rule 15c3-1. This we consider to be a material weakness as defined above. The Company notified FINRA on January 18, 2011 of this violation and immediately contributed the necessary capital to correct its net capital violations. As of January 18, 2011, the Company was in compliance with the Net Capital Rule 15c3-1.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use by the Board of Directors management, the SEC, Financial Industry Regulatory Authority ("FINRA") and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used by anyone other than these specified parties.
